

LINDA VETTRUS-NICHOLS

As a Book in 30-Days Coach, Linda Vettrus-Nichols is an in charge, innovative-and-creative, sassy-genius. She is an idiosyncratic oxymoron, a sophisticated refinement of enlightenment, continually joining together divergent peoples and cultures leading them to Inner Peace that will eventually bring us all to World Peace. Linda believes that it is important to walk at the level of the Soul.

QUOTES & TEACHINGS

This book is a culmination of what 65+ years of living has brought to me, my awakenings to life and business. When you walk at the level of your Soul, darkness turns to light. There is finally freedom to tap into your human-ness, yet not from a place of judgement, fear, or even grief. The Soul is the place where you consistently notice and do what is right for yourself and your situation. Our Souls are never tired, they are here to experience the experience.
